

STRUCTURAL COLLAPSE RESCUE TEAM LEADER

RESOURCE CATEGORY	Search and Rescue
RESOURCE KIND	Personnel
OVERALL FUNCTION	The Structural Collapse Rescue Team Leader performs rescue in structural collapse incidents and provides general leadership and supervision
COMPOSITION AND ORDERING SPECIFICATIONS	<ol style="list-style-type: none"> 1. This position can be ordered as a single resource or in conjunction with a NIMS typed team (Structural Collapse Rescue Team). 2. Discuss logistics for deploying this position, such as working conditions, length of deployment, security, lodging, transportation, and meals, prior to deployment 3. Operations in search and rescue environments might be immediately dangerous to life and health (IDLH), per ASTM F2890 Standard Guide for Hazard Awareness for Search and Rescue Personnel. The requesting authority must consider the need for additional recognized capability or endorsements.

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	SINGLE TYPE	NOTES
DESCRIPTION	<p>The Structural Collapse Rescue Team Leader is responsible for the following:</p> <ol style="list-style-type: none"> 1. Performs rescue in structural collapse incidents, including identifying hazards in a collapsed structure defined as Heavy, Medium, and/or Light, consistently with the United Nations (UN) International Search and Rescue Advisory Group's (INSARAG) Guideline and Methodology for Urban Search & Rescue (US&R) categories for structures 2. Capable of performing rescue involving lifting, moving, breaching & breaking, and shoring of light, medium, and heavy frame construction debris 3. Requests rescue, evacuation and recovery resources as needed 4. Operates within the Incident Command System (ICS), a specialized position within a Structural Collapse Rescue Team 5. Provides general leadership, direct supervision, wellness, and safety of the team and members and other single resources 6. Performs medical care to include Basic Life Support (BLS) 7. Provides basic ICS functions of safety, medical, logistics and planning <p>General Functions:</p> <ol style="list-style-type: none"> 1. Deploys for up to 14 days, ready to deploy for incident within 24 hours of notification, self-sustaining for 72 hours upon arrival, and works up to 12 hours per shift 2. Provides: <ol style="list-style-type: none"> a. Safety of self, team members, and operations b. Medical care of self and Team members and subjects c. Simple decontamination of self and team members d. Basic ground support capability for helicopter operations 3. Use of ground vehicles, water vehicles and aircraft for operations and support 4. Operates in environments with and without infrastructure including those affected by disasters and terrorism; with compromised access to roadways, utilities, transportation, and limited availability of shelter, food, and water 	Not Specified

Position Qualification for Mass Search and Rescue Operations
Search and Rescue

COMPONENT	SINGLE TYPE	NOTES
EDUCATION	Not Specified	Not Specified
TRAINING	<p>All training identified for the national NIMS Type 1 Structural Collapse Rescue Technician PLUS:</p> <ol style="list-style-type: none"> 1. ICS-300: Intermediate ICS for Expanding Incidents 2. IS-703: NIMS Resource Management 3. IS-809: Emergency Support Function (ESF) 9, Search and Rescue <p>General training with additional focus on discipline and type (position):</p> <ol style="list-style-type: none"> 1. Confined Space Rescue and fall protection in accordance with Occupational Health and Safety Administration (OSHA) regulations, or equivalent 2. Federal Emergency Management Agency (FEMA)/Department of Justice (DOJ) Emergency Response to Terrorism: Basic Concepts 3. Global Positioning System (GPS) Land Navigation Course <p>Completion of a National Fire Protection Association (NFPA), ASTM International (ASTM) or equivalent Structural Collapse SAR training program or as verified by the AHJ meeting the following position-specific key skills and aptitudes:</p> <ol style="list-style-type: none"> 1. National Incident Management System (NIMS) Type 4 Fire Officer or equivalent 2. NFPA 1670/1006 Technician Level in Rope Rescue, Confined Space Rescue, Vehicle/Machinery Rescue, and Trench Rescue 3. Use of relevant National Weather Service (NWS), United States Geological Survey (USGS), and related warning and notification systems 4. Operational Leadership Training provided by the Agency Having Jurisdiction (AHJ) 	Not Specified

COMPONENT	SINGLE TYPE	NOTES
EXPERIENCE	<p>Knowledge, Skills and Abilities (KSAs):</p> <ol style="list-style-type: none"> 1. Ability to function at the Team Leader level 2. Ability to identify and apply the role of the Structural Collapse Rescue Team Leader within the incident management structure 3. Knowledge of structural collapse rescue and associated hazards, including recognition of the various types of building/structural collapses and their impact 4. Understanding of rescue procedures in the building/structural collapses environment during day and night operations 5. Ability to identify and use appropriate Personal Protective Equipment (PPE) 6. Ability to carry out the following: <ol style="list-style-type: none"> a. Technical rescue operations b. General standards of technical rescue c. Rope rescue d. Structural collapse search and rescue e. Confined space search and rescue f. Machinery rescue g. Trench and excavation search and rescue <p>Experience:</p> <ol style="list-style-type: none"> 1. Demonstrated experience as a technician in the discipline 2. Experience that demonstrates scene management and dynamic assessment of risk 3. Experience with relevant building/structural collapses, confined space and rope rescue techniques 4. Experience with identifying hazards, including potential operating environments 5. Background in relevant building and structural collapses, confined space, and rope rescue techniques 6. Involved with identifying hazards, including potential operating environments 7. Experience as a NIMS Type 4 Fire Officer or equivalent 8. Completion of the Structural Collapse Rescue Team Leader Position Task Book (PTB) or equivalent documentation that validates and verifies (by AHJ) the successful completion of all skills, and demonstrated ability to perform skills in exercises and/or actual incident operations 9. At least five years of experience in structural collapse rescue during an incident, simulation, planned event, exercise, or drill 	<p>KSAs are addressed in NFPA 1006: Standard for Technical Rescuer Professional Qualifications and NFPA 1670: Standard on Operations and Training for Technical Search and Rescue Incidents.</p>
PHYSICAL/MEDICAL FITNESS	<ol style="list-style-type: none"> 1. Arduous2. Minimum physical fitness and swimming standards, Job Related Physical Ability Test (JRPAT) set by AHJ 3. NFPA 1582 Standard on Comprehensive Occupational Medical Program for Fire Departments), or equivalent minimum medical fitness standards determined by the AHJ 4. Maintain immunizations as outlined by the U.S. Department of Health and Human Services Centers for Disease Control's most current recommended adult immunization schedule for the United States of America 	<p>The NIMS Guideline for the National Qualification System (NQS) defines Physical/Medical Fitness levels for NIMS positions.</p>

Position Qualification for Mass Search and Rescue Operations
Search and Rescue

COMPONENT	SINGLE TYPE	NOTES
CURRENCY	<ol style="list-style-type: none"> 1. Annual refresher of related rescue skills and abilities in structural collapse environments 2. Operational incident experience and/or participation in exercises, drills, or simulations within three years from the time approved by the AHJ to serve as a Structural Collapse Rescue Team Leader 3. Background checks as permitted and/or required by applicable law 	The providing entity must carry out and use any background checks as specified by applicable law. This may or may not include the following: background check currency within twelve months; sex offender registry check; and a local, state and national based criminal history.
PROFESSIONAL AND TECHNICAL LICENSES AND CERTIFICATIONS	<ol style="list-style-type: none"> 1. Certification and/or recertification as required by the AHJ in order to perform medical care including Basic Life Support (BLS) 2. Certification or documentation indicating completion of training outlined above (Structural Collapse Rescue Team Leader) 3. Certification or completion of structural collapse, confined space, and high and low-angle training that relates to the job standards 	<p>The AHJ determines the types of emergency medical certifications needed to meet the minimum criteria, including: first aid, CPR, and Basic Life Support (BLS) or Advanced Life Support (ALS).</p> <p>The AHJ determines any other additional certifications requirements in accordance with NFPA and ASTM search and rescue standards, or equivalent.</p>

NOTES

Nationally typed resources represent the minimum criteria for the associated category. The Agency Having Jurisdiction (AHJ) may require additional training, capabilities, and endorsements.
